

# IQBOARD MEMO

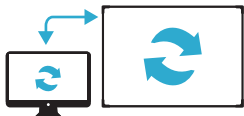

Keep it simple and flexible

87" size  
available  
now

## Four steps to make it work :

Connect the PC  
to IQBoard Memo

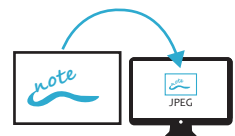

Install the driver and  
software on the PC

Write with a regular  
dry-erase marker

Save the note as  
a JPEG into the PC

### ● Digital vision touch technology

Four high quality cameras to ensure excellent performance with anti-light interference.

### ● Fluent writing and hotkeys

Write with dry-erase markers on the stain-free surface and hotkeys for quick use.

### ● Get started right away without projector

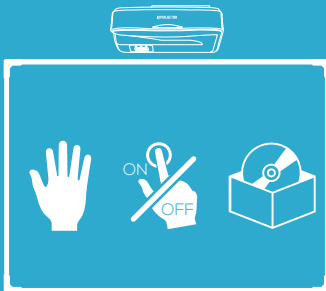

Plug in and write right away. No special hardware required.

### ● Notes saving and sharing

Save notes as JPEG for further sharing and review.

### ● Switch to interactive projected whiteboard easily

Connect to the projector and upgrade into the interactive whiteboard that supports 10 touch for more collaboration.

Under interactive mode, just turn whiteboard screen on/off and touch on/off easily. Download the software application on the tablets or smart phone to make mobile presentation.

## Benefit from the flexibility of IQBoard Memo

Switch from dry-erase board into the interactive projected whiteboard

In the meeting room, IQBoard Memo supports discussion among a small group and capture notes to save into the PC which could be shared freely.

Except that, in the classroom, IQBoard Memo could turn into interactive whiteboard that enriches teacher-student collaboration. Students could join in the classroom activity, focus on the discussion and share ideas.
