

IQConference Microphone

S310

Omnidirectional microphones are microphones that pick up sound with equal gain from all sides or directions of the microphone. This means that whether a user speaks into the microphone from the front, back, left or right side, the microphone will record the signals all with equal gain.

Full duplex call

2.4G wireless connection(20m)

High SNR

3 meters for the pick-up distance

360-degree for the pick-up range
